Prof. M. Wender (Poznan)

## WELCOME TO BUCHAREST

Dear Colleagues,

On behalf of the Organizing and Scientific Committee, we are honored to invite you to the 51<sup>st</sup> International Danube Symposium in Bucharest, Romania.

The 2019 Symposium will be organized as a joint meeting with the Annual Congress of the Romanian Society of Neurology, and will gather distinguished international speakers.

The topics will cover Stroke and Cerebrovascular Diseases, Parkinson's Disease and Movement Disorders, Peripheral Neuropathies, Multiple Sclerosis and other chronic inflammatory disorders of the CNS, Epilepsy, Neurorehabilitation and Neurocognitive Disorders.

Your visit in late spring should be met with a perfect weather, and you'll get the chance to explore a vibrant and dynamic city, full of contrasts.

As Europe's sixth largest city, you will find here a rich cultural heritage shaped under the pressure of a tumultuous history, combining Romanian tradition with Balkan and French influences that have shaped the city, and given its uniqueness amongst Europe's capitals.

Whether you'll enjoy the *Little Paris*, the mega-architecture of the communist era, the business district, or the narrow streets of the historic center, we truly believe Bucharest holds something special for all.

We are looking forward to welcome you in Bucharest, Romania!

**Prof. Dr. Ovidiu Alexandru Bajenaru**
